### **AIR NAVIGATION CHARGES FOR FOREIGN REGISTERED AIRCRAFT- DAR ES SALAAM FLIGHT INFORMATION REGION**

Subsequent to an agreement reached with the International Air Transport Association (IATA), the charging formula for air navigation services (ANS) charges hitherto based purely on the aircraft all-up weight will be changed to also incorporate the distance in kilometers flown per journey in the FIR.

Until further notice, this new formula applies **only to foreign registered aircraft** over flying or operating to/from airfields in Tanzania and will be implemented from **1 July 2007**.

Local registered aircraft will continue to pay the charge based on the current formula as contained in the AIP Tanzania Gen 4.2-1 Para 2.1 as amended by AIC No 04/07 of 5 April 2007.

#### **Calculation of the Charge**

The charge per journey is based on the value of the charge unit R, a product of the Weight Factor **W<sub>f</sub>**, and the distance factor **D<sub>f</sub>**, **where**

$$W_f = \sqrt{\frac{\text{Aircraft AUW (Tonnes)}}{50}}$$

$$D_f = \frac{\text{Distance Flown (Km) in the FIR Per Journey}}{100}$$

("Journey" is as defined in the AIP Tanzania GEN 4.2-1)

For any particular value of the charge unit R, the charge per journey will be as follows:

<b>Sr</b>	<b>R = (W<sub>f</sub> x D<sub>f</sub>)</b>	<b>Charge (USD)</b>
1	0 to 1	\$40.00
2	Above 1 up to 2	\$60.00
3	Above 2 up to 4	\$100.00
4	Above 4 up to 8	\$150.00
5	Above 8 up to 12	\$175.00
6	Above 12 up to 15	\$210.00
7	Above 15 up to 20	\$240.00
8	Above 20 up to 25	\$275.00
9	Above 25	\$300.00

---
