

TANZANIA CIVIL AVIATION AUTHORITY

PUBLIC NOTICE

Cancellation of Inquiry

The Public Inquiry scheduled for 7 September 2007 on the intent by Tanzania Airports Authority to increase Aviation Fuel throughput charges has been cancelled.

Instead of the Public Inquiry, the Tanzania Airports Authority (TAA) will organise a consultation meeting with its stakeholders on this matter and the minutes will have to be submitted to Tanzania Civil Aviation Authority for the review and subsequent decision as deemed appropriate.

We regret for the inconveniences caused.
