<p>Document No: TCAA/QSP/SR/AC/ANS -28</p>	<p>Title: Job Description for CNS Staff</p>	<p style="text-align: right;">Page 1 of 2</p>

1.0 Purpose

- 1.1. The purpose of this Advisory Circular is to guide Air Navigation Service Providers in developing job descriptions for technical staff providing CNS Services.
- 1.2. It is important to ensure that job descriptions for the technical staff are aligned to the overall objectives, functions and activities of CNS described.

2.0 References

- 2.1 ICAO Doc 10057 (Manual on Air Traffic Safety Electronics Personnel Competency-based Training and Assessment).
- 2.2 Civil Aviation (Radio Navigation) Regulations).
- 2.3 Civil Aviation (Communication Procedures) Regulations;
- 2.4 Civil Aviation (Communication Systems) Regulations.
- 2.5 Civil Aviation (Surveillance and Collision Avoidance Systems) Regulations.
- 2.6 Advisory Circular- TCAA/QSP/SR/AC/ANS – 12 Development of MANSOPS.

3.0 Introduction

- 3.1 CNS services shall be provided for the safety, regularity and efficiency of air navigation. This is achieved by ensuring optimum performance of CNS facilities in terms of availability, reliability and integrity.

4.0 Functions and Activities of CNS

ANS providers shall develop and implement procedures for employment and training for personnel. Besides determining the number of qualified personnel required to maintain and operate air navigation facilities, ANS providers shall develop job descriptions for each position in order to ensure that the functions and activities of CNS are aligned to the requirements of the Civil Aviation Regulations.

Human factor principles and regulatory requirements shall be considered when developing staffing rosters.
