3.0 GUIDANCE AND PROCEDURE

3.1 General Information

3.1.1 Regulation 4(1) of the Civil Aviation (Approved Maintenance Organisation) Regulations requires a person not to operate as an approved maintenance organisation (AMO) without or in violation of an approved maintenance organisation certificate issued under the Regulations.

3.1.2 Regulation 57 of the Civil Aviation (Air Operator Certification and Administration) Regulations and Regulation 5(6) of the Civil Aviation (Personnel Licensing) Regulations requires that maintenance work on aircraft certified in commercial air transport category, and all aircraft whose maximum take-off weight is above 13,610 kg. (30,000 lbs) is performed by a maintenance organisation approved by the Authority.

3.1.3 The AMO certification is carried out in compliance with the Five Phase Certification and Approval Process which is explained in Advisory Circular No. **TCAA-AC-GEN003C**.

3.1.4 The five (5) Phases are:

- a) Pre-application;
- b) Formal Application;

- c) Document Evaluation;
- d) Demonstration and Inspection; and
- e) Certification.

3.1.5 The phases describe in sufficient detail, the certification activities to enable general understanding of the complete process.

Note: Where the guidance and suggested sequence of events in this Advisory Circular may not be entirely applicable, the Authority and the applicant may proceed in a manner that considers existing conditions and circumstances. The applicant however should be aware that the maintenance organisation shall not be approved until the Authority is satisfied that all relevant requirements have been complied with and shall be maintained in an appropriate and continuing manner.

3.2 Application, Certification and Approval Process

3.2.1 Pre-Application Phase

- a) The intending applicant for maintenance organisation approval expresses the intention to the Authority. This can be in telephone, writing, or a visit to the Authority.
- b) A pre-application meeting is arranged between the applicant and the Authority to discuss the application requirements and certification process.
- c) The Authority issues Form: **TCAA-AC-GEN012A** - Pre Application Statement of Intent (PASI) to the intending holder of an AMO certificate.

3.2.2 Formal Application Phase

- a) Regulation 6 of the Civil Aviation (Approved Maintenance Organisation) Regulations requires that:
 - b) An applicant for a Maintenance Organisation (AMO) certificate submits the following to the Authority at least ninety days before the intended day of operations
 - (i) an application on a form and in a manner prescribed by the Authority;
 - (ii) the applicant's maintenance procedures manual in duplicate;
 - (iii) a list of the maintenance functions to be performed for it, under contract, by another AMO;
 - (iv) a list of all AMO certificates and ratings pertinent to those certificates issued by any Contracting State other than Tanzania; and
 - (v) any additional information the Authority requires the applicant to submit, e.g. PASI, Statement of Compliance and Management Personnel Biographical Data}.

Note: The certification process starts only after the Application package has been accepted.

- c) To accept the application package the Authority carries out a cursory review on the application package.
- d) The Authority shall draw up a certification a schedule of events in consultation with the applicant in a formal application meeting, giving the sequence of activities to be done and the agreed time frame of accomplishment to be followed in the certification process.

3.2.3 Document Evaluation Phase

- a) The Authority Inspectors carry out an in depth review of the contents of each document submitted for regulatory compliance, relevance and scope. It is required that all the documents contain a Statement of Compliance indicating where in the document the relevant Regulation has been complied with Advisory circular No. **TCAA-AC-GEN004C** illustrates how a Statement of Compliance is developed.
- b) In general the documents are required to explain, define and illustrate the entire organisation structure, functions, activities and programs. It is required they show how the organisation shall comply with the Regulations, and how the terms of approval shall be continually maintained after certification and approval has been granted, i.e. Internal audits and findings corrective action procedures.

3.2.4 Demonstration and Inspection Phase

The Authority Shall carry out an inspection of the organisation facility, stations, programs, systems and processes to ensure that the organisation declarations and commitments stated in the documents are actually available, functional, are of the recommended standard and that there are qualified persons in the recommended numbers to perform the aircraft maintenance related activities in the organisation different departments and sections.

3.2.5 Certification Phase

- a) When all regulatory requirements for approval of a maintenance organisation have been satisfactorily met, the Authority shall prepare and issue to the applicant the Approval Certificate **that shall be valid for a period of twelve calendar months (12 months) and the Operations Specifications which indicate the approval scope and limitations.**
- b) The Authority shall open a file for the approved AMO to keep record of the documents generated during the certification process. These shall include:
